No. 80.—The following Circular letter is published:—

Letter from W. D. WOODLARK, Esq., Assistant-Comptroller, Madras, to all Heads of Departments and Treasury Officers, No. T.H. 56-45-504, dated the 1st March 1922.

I have the honour to refer to a reference in rule 78 of the Fundamental rules under which a leave account should be maintained for each Government servant in terms of leave on average pay.

2. This account will have to be opened for all Government servants including servants on or after 1st January 1922 and for each of the Government servants continuing in service on that date as have not opened the option allowed by rule 78 of the Fundamental rules to which they had been subject prior to that date. In this connection, attention is invited to G.O. No. 1247, Finance, dated the 1st December 1921, notifying the procedure to be followed in the matter of deduction to be obtained for those Government servants who choose to exercise this option.

3. The leave account should be in the standard form and the calculation should be made in accordance with the Fundamental rules 77 to 82, the instructions need not be of the form and the sample entries made therein.

4. With the commencement of each Government Office will be maintained by the office, that of each unappointed subordinate will have to be kept up by the head of his office who maintains his service register.

5. Arrangements are being made for incorporating the leave account in the form of service register or service roll, as the case may be, but in the case of existing Government servants the leave account should be prepared in separate printed forms and these posted on in the service register or roll. Government are being requested to arrange with the Superintendent of Stationery for the printing and supply of the forms.

6. Before leave is sanctioned to an unappointed Government servant, the authority sanctioning the leave should enter therein the leave account maintained for him and satisfy himself that the leave is allowable in whole or in part as the case may be from the head of the office who maintains the service register.

7. The above instructions do not apply to purely temporary or officiating servants whose leave will be regulated by the subsidiary rules to be made by the Local Government under Fundamental rule 78. Till such subsidiary rules are issued, the leave to such servants will be regulated by the rules in the Civil Service Regulations—rule 5, G.O. No. 52, Finance, dated 22nd January 1922.

8. It is requested that heads of offices under your control be instructed to complete the initial calculation of the leave accounts of the permanent and appointed servants under them at a very early date and to report the fact to this office, so that arrangements may be made for check of the accounts by the inspecting staff of this office.

The Standard Barometer and Thermometer are read at 8 a.m., 10 a.m., 4 p.m., and 8 p.m., and the daily mean is obtained by the application of hourly corrections, deduced from twenty years' observations. The column of the Barometer is twenty-two feet above the level of the sea, and the surface of the sea gauge is ten feet from the ground. The wind, rain and general weather registered are for the seven United Kingdom days—from midnight to midnight.

The total quantity of rain collected since January 1st is 2.45 inches, the average for the same period being 1.14 inches.
